

Fire Safety Policy

AIMS

The Fire Wardens have overall responsibility for the fire drill and evacuation procedures.

These should be carried out and recorded for each group of children every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the nursery.

These drills will occur at different times of the day to ensure evacuations are possible under different circumstances.

There is always at least one fire warden in attendance at the nursery at any time. All staff are fire safety trained.

Registration

- An accurate record of all staff and children present in the building must be kept at all times and children/staff must be marked in and out on arrival and departure
- An accurate record of visitors must be kept in the Visitor's Book
- These records must be taken out along with the register and emergency contacts list in the event of a fire

No Smoking Policy

- Children's health and wellbeing is of utmost importance for the children in our care
- Smoking has proved to be a health risk and in accordance with childcare legislation, the nursery/pre-school operates a strict no smoking policy within its building and grounds
- Parents are respectfully asked to abstain from smoking whilst on the premises. This rule also applies to staff, students, carers and visitors etc
- Staff accompanying children outside the nursery/pre-school are not permitted to smoke eg. Whilst on an outing
- Parents joining us on outings are requested not to smoke during this time also.
