

## Fire Safety Policy

At **Playbox Day Nursery** we take reasonable steps to ensure the safety of children, staff and others on the nursery premises in the case of a fire or other emergency through our Fire safety policy and emergency evacuation procedures.

The Manager/Designated fire marshals are Claire Simmons and Stacey Edwards.

We ensure the nursery premises are compliant with fire safety regulations, including following any major changes or alterations to the premises. The Manager and Designated fire marshal ensures all the appropriate fire detection and control equipment (e.g. fire alarms, smoke detectors, fire blankets and/or fire extinguishers) is in working order and seeks advice from the local fire safety officer as necessary.

They also have overall responsibility for the fire drill and emergency evacuation procedures. These are carried out and recorded for each group of children every three months or as and when a large change occurs, e.g. a large intake of children or a new member of staff joins the nursery. These drills are planned to occur at different times of the day and on different days to ensure evacuations are possible under different circumstances and all children and staff participate in the rehearsals.

All staff receive fire safety and evacuation training (including as part of induction) to help them understand their roles and responsibilities. This includes the steps they must take to ensure the safety of children, for example keeping fire doors free from obstruction, how to safely evacuate the children and where the evacuation meeting point is situated. Each room has a specific evacuation plan, which includes information such as evacuating non-mobile babies and using alternative exits depending on where the fire may be situated.

The Manager and Designated fire marshal checks fire detection and control equipment and fire exits in line with the timescales within the checklist below.
